Dear John,

We wanted to take this opportunity to thank you for all your hard work in selling our home. Your expertise, guidance, and advice were incredibly valuable in making it all happen quickly and smoothly. Throughout the entire process you were professional, friendly, and supportive. The impression you made on our family was wonderful and you made us feel confident that we would sell our home for a fair price as quick as possible.

Please know that we will be referring our friends in Flagstaff to you if they decide to sell or buy. In fact, if we decide to sell our rental property we will also be contacting you again for your services. Feel free to share our number or email with possible future clients so we can tell them first hand how you helped us sell our home. Thank you for you encouragement, optimism, and hard work. We were both so impressed with your easy going demeanor and amiable personality. Your future clients will undoubtedly also be impressed with your work ethic and professional attitude. Do not hesitate to give our family a call out here in the White Mountains when you are ready for a short road trip, we would love to have you visit!

Take care and thank you again!

Adam and Lisa [REDACTED]
